## MICROSCOPES

**Item Name:** Dual Viewing Microscope With in-Built CCD Camera

**Item Code:** D4s 15.001

Sizes/ designs/ specifications of the above are liable to change as per specific requirement of buyers.

**Intended Use:** This Microscope is intended for university and medical uses. New dual head Binocular Teaching Microscope is designed for the advance academic research environment. The dual Binocular head provides two persons viewing for coordinated study of biological specimens and photography simultaneously. Two students or instructors and students are able to view the same specimen for immediate observation result.

**Item Name:** Binocular Advance Research Microscope

**Item Code:** D4s 15.002

**Intended Use:**

To be used for research and pathological purposes.

**Material of construction:**

- Brass
- Pressure Dye Cast
- ABS Plastic
- Glass

**Item Name:** Simple Inclined Binocular Microscope

**Item Code:** D4s 15.003

**Intended Use:**

To be used in school/colleges by students. This Binocular Microscope provides the necessary specifications for Educational, Diagnostic & Industrial Laboratories uses.

**Material of construction:**

- Brass
- Pressure Dye Cast
- ABS Plastic
- Glass

**Item Name:** Monocular Microscope

**Item Code:** D4s 15.004

**Intended Use:**

To be used in school/colleges by students. Pathological uses can also be done. Monocular Microscope is Economical & provides the necessary specifications for Educational & Diagnostic use.

**Material of construction:**

- Brass
- Pressure Dye Cast
- ABS Plastic
- Glass
